

AERA 760

ADVANCED PORTABLE AVIATION NAVIGATOR

AN OVERVIEW

Fly confidently with rugged, reliable, purpose-built GPS that includes latest in-flight features, including IFR approaches, arrivals and departures, plus Garmin's familiar touchscreen interface.

KEY FEATURES

Bright days are no problem — with vivid, sunlight-readable touchscreen display

Make IFR flying easier by adding airways and IFR approaches, arrivals, departures and more to your route.

Traffic? Check, and check. Just pair with a GTX™ 345 transponder or GDL® 50 series units.

Prep for your flight with automatic data downloads.

Take off with round-trip power. Get up to 4 hours of battery life on each
